Committee Reports

Site: Parks & Recreation put our sign and put out a trash can and picnic table.

Don Bedford has been mowing the field. Ralph has mowed it this last time.

The field needs to be rolled, and the grass needs to be mowed more often.

Old Business:

We need to find a winter meeting place.

New Business:

None

From The Vice-President

First of all thank you for voting for me even though my term is almost over. I would like to say I thought the picnic was a success, despite the heat and wind. Plenty of good food and there was a good show of airplanes. The people who didn't come will be able to see how much fun we had since Everett brought his video camera. I enjoyed it and seemed to me everyone else did too. I want to thank everyone who made the picnic a success.
