JUNE MEETING DATE CHANGED

The June meeting date has been changed to Tuesday, June 16, 6:30 p.m. at Dean Baker's-Fireside Supply since Dean's shop will not be available and some of our members will be out of town attending the IMAA event in Kansas City.

THE MEMORIAL DAY FESTIVITIES

The Memorial Day Festivities on Sunday, May 24, was a huge success. A large gathering of MMRCA members set up their planes in static display in front of the North hanger at the Columbia Regional Airport. This location proved to give us a great deal of public contact.

Since that day, our club has received a letter of appreciation from Mary Posner and Bill Boston, the Coordinators of the Memorial Day Festivities, thanking us for our participation in the festivities at the airport. They look forward to our participation next year in a static display and hope that we will consider a flying display as well.

This year's Extravaganza begins with the Promotional Fly on Sunday, June 14, 1:00 p.m., at the Jefferson City Airport. We will be flying off the main runway. This time will be used to promote our event through T.V. and news coverage.

McBain Site Update

On Sunday, May 31, a rather large gathering of members went to the site to mow, drag and roll the field. Some discussion resulted in a plan to develop the field. The plan is to plow, disc, roll and level the Eastern half of the field that is presently mowed. On Tuesday, June 2, contact was made with Mr. Williamson, the owner of the adjoining property, and Mr. Williamson has generously offered to plow, disc, etc. the Eastern half when he has time available.
